IMPORTANT NOTES			
*Prior written consent from City of Cape Town with regard to leasehold rights		The City will only consider an application to cede any lease rights if the mandatory prior written consent is first obtained. All unit holders need the prior written consent from the City and the endorsement from the VPHOA before they consider selling their leasehold rights, failing which may result in consent being denied and the City applying clause 14.1 (breach/default) of their agreement. A copy of approved building plans in A4 format (obtained from City of Cape Town) should accompany application of consent. Moratorium on building plan submission still stands as confirmed by Daan Visser with effect from April 2019.	
How to obtain documentation		Once the estate agent/owner is in possession of a sales agreement, he/she may request the necessary documentation from Voortrekker Park HOA, via e-mail at vphv123@gmail.com in order to apply for the transfer of cession.	
Submission of forms		The original signed documentation (forms should be completed by hand), as listed above, should be delivered to the Property Management Department in Kuils River at the following address: Omniforum building, 94 Van Riebeeck Avenue, Kuils River. <i>During the period of lockdown, documents may be e-mailed to Eleanor.Arends@capetown.gov.za and the original documentation delivered at 43, Voortrekker Park. Shirley.boom1001@gmail.com</i>	
Estate agents and private sale by owner(s)		Should an estate agent be commissioned for the sale of the property, such agent must be registered to practice as such at the EAAB (Estate Agency Affairs Board) and must also be in possession of a FFC (Fidelity Fund Certificate). Only owners can sell their own houses without being registered. Should a private sale be negotiated between an owner and a buyer, we strongly advise to make use of the services of an attorney to attend to the drafting of a sales agreement, as well as the financial aspects of the transaction. This provides protection for both buyer and seller. The Property Management department of the City of Cape Town requires a signed purchase agreement, in order to proceed with the approval of the cession. However, the department does not get involved in the sale of the property.	

14. TRANSFER OF RIGHTS AND OBLIGATIONS

- 14.1 The lease agreement is not transferable except with the prior written consent of the Council, which consent shall not be withheld unreasonably.

Dear Sir/Madam

GUIDELINES FOR THE TRANSFER OF LEASEHOLD RIGHTS ON PORTION OF ERF 1142, STRAND: VOORTREKKER PARK

The City has been made aware of certain sales taking place within Voortrekker Park where unit owners have not informed the City nor the VPHOA of the sale of the unit. The purpose of this letter is therefore to convey the **following important information** to each Lessee/unit owner.

All unit owners are to first obtain written consent from the City and the endorsement from the VPHOA before they consider selling their units, failing which may result in consent to cede and assign the leasehold rights to new unit owners being denied and the City applying clause 14.1 (breach/default) of their agreement. Unit owners are to ensure that the unit is compliant, which means that all structures on site reflect on the approved building plan. It is important to note that **no cession will be signed in the case of breach, i.e. non-compliance or monies owing to the City. Any breach(es) must be rectified before a unit is sold.**

In order to comply with various legislative and policy requirements, the following roles and responsibilities are to be adhered to, which will ensure that the lease process is carried out effectively.

Roles and responsibilities of the Lessee:

1. Inform VPHOA of intention to sell.
2. Provide VPHOA with Letter of Intent as well as copy of approved building plans.
3. Lessee to provide the City's technician with access to the unit when the inspection is conducted on the agreed upon date.
4. Lessee to provide latest invoice stating that rental is up to date (and debt arrangement settled, should there be an arrangement in place)
5. Lessee to obtain lease agreement from VPHOA and related documentation to be completed.
6. Lessee will be responsible for account payments until cession has been transferred to the new unit owner(s). All debits and credits will be transferred as of date of signature by the City's officials.

It is important to note that the City only has a legal undertaking with a unit owner once a lease agreement/cession and assignment agreement has been concluded. In an event that the unit is sold and the leasehold right cannot be ceded to the new owner(s), the current Lessee still has a legal obligation to pay the rental, failing which will result in legal action being taken (and possible eviction of the new owners).

Roles and responsibilities of the VPHOA:

1. Inform the City of intent to sell.
2. Provide Lessee with lease agreement and related documentation to be completed and returned to VPHOA.
3. Provide Lessee with list of compulsory documentation that must accompany the lease agreement.
4. Ensure all documentation are in order and provide same to the City. VPHOA to stamp all documents.

Roles and responsibilities of the City:

1. On receipt of Letter of Intent to sell, arrange for site inspection for compliance.
2. An inspection of the property will be conducted by the City of Cape Town (this will include an inspection of the inside of the unit). The City's technician will contact the agent or seller to make arrangements to undertake a site inspection.
3. Confirm rental is up to date.
4. Once confirmation has been received that the unit is compliant, approval is to be sought from the delegated authorities.
5. Once approval has been obtained, the lease agreement and documentation will be signed by the City officials.
6. Request the Finance Support Branch to transfer the lease out number (rental account) from the assignee to the assignor. All debits and credits will be transferred as of date of signature by the City officials.

The below schedule of documents are to be submitted in the following order (this will allow the signing of the documents to go more smooth):
